New York, July 14.—The Herald this morning comments as follows on Garfield's letter. Notwithstanding the architects of the Chicago platform did not plan to hold Garfield, and that some of its resolutions are in direct contradiction to the honorable passages in his congressional career, he does not shrink from stepping squarely on it. It need not astonish anybody that in his discussion in national finances "houses phrases which imply tolerance; the perpetuity of greenbacks as a permanent part of the public currency; that in his comments upon the subject of revenue legislation he surrenders his former conviction unconditionally to "high protective fallacies;" that in mentioning the topic of internal improvements he signifies to the south and west, his eagerness to assist in expending untold millions out of the public treasury in developing the Mississippi valley. That he asserts to the prescription of the Chinese in language adopted to prepetrate the hoodlums of the Pacific coast, and that he advocates the reception by the executive of the "assistance" of congressmen in making appointments to office, an essential feature of civil service reform.

Denver, July 14.—J. M. Barrett, today lifted all the mortgages on the Republican, and the paper will pass into his hands. To-morrow it will be the Colorado Courier. Barrett is said to be backed by ample capital and will make a clean fight with the News for political supremacy. The new paper will be issued Saturday morning.

The above is given on the authority of Mr. Rathbaker, editor of the Tribune; but the Republican to-morrow morning will contain a double headed editorial denying it entirely, and stating that the Republican never was so prosperous and is on a permanent and self enduring basis, and that they have no idea of selling out.

Kenosha, Wis., July 14.—Chamceyr Schentler, a half crazy pauper in the poor house near this city, assaulted Samuel Walter last night with a knife inflicting a fatal wound. They were both over 70 years of age and have had various disputes. There was a terrible struggle between them in the dark alley where they met. Walter had one eye cut entirely out and 23 gashes in his body.

London, July 13.—The Manchester Guardian says that the prohibition of the export of grain from Russia will be a serious matter for Germany, and it seems likely that Germany this year will be, notwithstanding the grain duties, an important customer of American surplus grain.

Cincinnati, July 14.—John B. Manex, assignee of Archbishop Purcell is to increase the assets of his trust. To-day he brought a suit to set aside the alleged fraudulent conveyance of property and to recover \$144,000 from Elizabeth W. Boyle and daughter.

Four fatal sun strokes were reported this evening. The thermometer stands at ninety degrees.

Memphis, July 14.—About a month ago, Rufus Armstead was assassinated near Lake Mississippi, by Nelius, colored, because Armstead's brother, when deputy sheriff of Desoto county Mississippi, acting officially, killed Nelius' brother, who was a criminal. The assassination created great indignation. Nelius, the murderer, was pursued to Tunica county bottom's, and together with his brother Prentiss Nelius and Tom Conkey, his accomplices, were arrested. Last Saturday forenoon, while Conkey and Prentiss Nelius were being conveyed to Herndon, a body of masked men stopped the officers having the prisoners in charge and took possession. Two men, officers, returned to Austin for assistance; but on their return they found the two prisoners dead, with their throats cut, and their bowles protruding from a number of wounds inflicted with knives, and a rope around each of their necks. An indignation meeting was held in Austin Monday, at which resolutions condemning the act was passed, and a committee of white and black men appointed to ferret out the murderers.

New York, July 14.—The Commercial Advertiser says that it is rumored that an accident has occurred on the Brooklyn and Brighton Beach Railroad this morning, and 21 were killed.

A latter dispatch says that the accident that occurred on the Long Island Railroad between Pearsalls station and East Rockaway this morning was caused by a gravel train going east with 300 Italian laborers on board which ran under a heavy wire rope by which a derrick near the track was sustained, sweeping the cars and knocking off the laborers many were shockingly maimed and many had their knees fractured. Three were fatally hurt.

OAKLAHOMA. St. Louis, July 14.—A dispatch from Wichita, Kansas, signed by J. M. Steele, who is said to be a prominent republican politician, says that the Kansas state militia have made no move yet towards ejecting the invaders from the Indian Territory, and that the papers are ready to arrest them when they do. A man named White has gone to Fort Smith, Ark., to procure habeas corpus so that the militia can be arrested in the Territory by the U. S. Marshal if they arrest Capt. Payne.

Lewiston, Me., July 14.—The Journal has it from a democratic source that a democratic committee in session in that city Thursday afternoon, asked Plaisted to resign, and he has agreed to do so. The committee adjourned to meet in Portland for a regular State convention, which will be followed by a district and county convention. If this be true, the end of fusionism in Maine is near at hand.

Paris, July 14.—Last evening the illumination of the cathedral of Notre Dame was tested, in preparation for to-morrow evening. The whole building has been over spread with lamps concealed in such a manner as to throw their light upon the cathedral without the spectator observing its source. The whole building was thrown into a bright light and looked like a vast structure of porcelain.

London, July 14.—Sir Henry Hallford has received a telegram from Col. Gildersleeve stating that the restriction refers to the American team as a body and not to the action of any individual. This is considered satisfactory, as it will stop the attempts of Col. Bodine to prevent men from shooting in the match between Sir Henry Hallford's and Gen. Hawley's team.

Paris, July 14.—Henri Rochefort's new paper, the *Lintransgeant*, was issued this morning. It declares a bitter war against the supporters of the Gambetta national fete, and promises to be a marvelous success. The weather is superb; the streets are all decorated with flags and garlands. There is an enormous crowd, but orderly. There are but few police seen in the streets.

Paris, July 14.—A grand opening ceremony of the national fete took place in the Hippodrome this evening. President Grevy, accompanied by a brilliant staff, reviewed the troops and delivered new colors to the regiments in the presence of 100,000 people.

Denver, July 14.—The storm of yesterday afternoon and Monday night did immense damage along the Denver and Rio Grande road between Pueblo and Colorado Springs. About ten miles of the track is washed out, and in two places the track is washed away for a distance of a mile and the ties and iron is lying from one to three hundred feet east of the embankment; and for a distance of twenty-one miles every bridge, culvert and cattle guard is more or less damaged. Two bridges were washed out entirely. Two hundred men have been put to work repairing, and Col. Dodge says that the road will be in order to-night. The passengers who left Denver Monday night on the Leadville express are still at Colorado Springs. A man just in from Bear Creek reports a terrific storm in that vicinity, which flooded near Creek, the water coming down with a rush; but no lives lost, and very little damage is reported. The hail is said to be about two feet deep in that vicinity.

New York, July 14.—The Tribune today says that Gen. Arthur is engaged upon a matter of acceptance. It will be made public, probably on Thursday. On that day Arthur and one of two friends will leave town for a brief vacation before entering upon the duties of the campaign. It is understood that Senator Conkling will join the party for a fishing excursion in northern New York.

Thurlow Weed thinks that Garfield's letter proves, in the language of Daniel Webster, "that his nomination was one fit to be made." His utterances are frank and fearless, his views on all national questions are succinctly stated; his sentiments and sympathies are all in the right direction. This declaration of principles fortified as it is by his record which attests his capacity, integrity and fidelity, it is ensured that a united, active and vigorous republican canvass in favor of Garfield and Arthur will be carried on.

Washington, July 14.—Hon. Jno. A. Campbell, at one time Governor of Wyoming and latter the third assistant Secretary of State died at his residence here this morning. He served with distinction in the army of the Cumberland from the first day of the war to its close, where he was one of its best known staff officers, having acted as Gen. Schofield's adjutant during the closing years of the war.

Pueblo, July 14.—The body of the son of Thos. Tuppen, drowned in the flood of Monday night, was recovered to-day. It was buried this afternoon. Passengers from Denver were transferred to this city from Butte station, about ten miles north of here, by stages to flat cars. Trains are now running regularly on the Santa Fe road, but passengers are transferred across the river one mile east of the city. The one hundred and fifty foot bridge at that point having been carried away.

Secretary Schurz is expected to leave for Indiana Saturday evening.

The following explanation of Attorney General Devens regarding the statement that he has decided that he will not authorize the appointment of any special election: The duties of the deputies in the south at the next election, perhaps, in Virginia, has been transferred for publication.

Troy, July 14.—Providence, 7; Troy, 2.

Boston, July 14.—Worcester, 6; Boston, 5.

BOSTON WOOL MARKET. Boston, July 14. Wool market is quiet but steady; holders are not urging sales and manufacturers are indifferent. The large amount of foreign wool now held by manufacturers and importers, is causing buyers to be cautious about operating to any extent. The demand seems to be on fine wool. California spring wools sell at 25c to 30c, and few very choice lots at 37c to 40c.
